Looking for an entry-level position as a Software Engineer in a dynamic firm that values my analytical and technical skills and provides scope for updating my knowledge. I seek a company that will help me contribute to its development while concurrently aiding my personal growth.

EXPERIENCE

Denver Health hospital, 777 Bannock St, Denver, CO 80204 — *Central Supply*

September 2021 - October 2022 (1 year)

- Maintained, rotated, and fulfilled all supplies in the hospital alongside a team.
- Achieved customer needs in a timely manner for smooth flowing operations
- Supplied healthcare workers with necessary equipment for better functionality
- Met a 100% work standard to meet satisfaction

Home Depot, 860 S Colorado Blvd, Glendale, CO 80246 — *Sales Associate*

October 2019- August 2020 (1 year)

-Improved customer satisfaction by providing customer service
-Completed a life cycle on products to ensure that product management was effective
- Communicated across teams to ensure the company as a whole was congruent

EDUCATION

Software Engineering Certificate (October 2022 - Present) — *Received a software engineering certificate at Activate / Per Scholas coding bootcamp.*
